RESOLUTION NO. 267-2019, ADOPTING LOCAL LAW NO. 13-2019, A LOCAL LAW TO PROHIBIT THE SALE OF TOBACCO PRODUCTS IN PHARMACIES

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on February 13, 2019, a proposed local law entitled, "A LOCAL LAW TO PROHIBIT THE SALE OF TOBACCO PRODUCTS IN PHARMACIES"; now, therefore be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. 13 -2019, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW TO PROHIBIT THE SALE OF TOBACCO PRODUCTS IN PHARMACIES

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that tobacco use is conclusively linked to a number of health problems, including cancer, cardiovascular disease, respiratory disease and negative birth outcomes.

This Legislature also finds and determines that the United States Department of Health and Human Services has stated that nicotine, the addictive substance in tobacco products, is as addictive in nature as cocaine or heroin.

This Legislature further finds and determines that nicotine is known to affect cognitive function, increase blood pressure, respiration and heart rate, and is a known contributor to cardiovascular disorders, including cardiomyopathy, peripheral vascular disease, atherosclerosis, hypertension, direct coronary spasm and ischemia.

This Legislature finds that pharmacies exist to aid communities in maintaining health and wellness by providing individuals with necessary prescription medications and over the counter treatments for common maladies like headaches, colds and indigestion.

This Legislature determines that selling tobacco products is directly at odds with a pharmacy’s mission as a health-oriented business.

This Legislature also finds that, in July of 2009, the Pharmacist Society of the State of New York, House of Delegates, passed a resolution supporting efforts to end the sale of tobacco products in pharmacies.

This Legislature further finds that many large-scale pharmacy operations have already ceased the sale of tobacco products as a means to align their businesses with the healthcare role they serve in the community.
This Legislature also determines that in order to promote the health, safety and well-being of County residents, all pharmacies and retail establishments containing a pharmacy should be prohibited from selling tobacco products in Suffolk County.

Therefore, the purpose of this law is to prohibit the sale of tobacco products at pharmacies in Suffolk County.
